

St. Mary Catholic High School

Wisconsin

THE SCHOOL

St. Mary Catholic High School is a small school promoting cultural understanding through a comprehensive international program including language and organized activities. Modern facilities, include the 2014 addition of a Fine Arts Center, with a full auditorium. Forensics theatre and four new technology classrooms are also recent additions to the school campus. Technology and use of a laptop are integral to the strong curriculum. Instructors deliver technology-integrated instruction, collaborating with students as they use their laptops for research and work throughout the school day.

- ✓ Trips to Chicago and Six Flags offered
- ✓ New Fine Arts Center, 2014
- ✓ Uniform not required
